

WHITE MODULE POWER TRIO

YOUR EVERYDAY MODULE FOR YOUR EVERYDAY NEED!

Our three most popular white sign modules deliver unmatched brightness, energy efficiency, and long-lasting performance for all signage applications.

ATOM Series

ATOM Series

The Atom stand as our most compact module offerings, each available in Bracing versions. The Atom, with 5 modules per foot, features a wide 150-degree viewing angle.

WOW II MAX

WOW III

WOW Series

The WOW Series modules, a market favorite for 10 years, offer versatility in colors, reliability, and affordability. Ideal for everyday use, they now reach new heights with the WOW II MAX and WOW III – the market's first 200 lm/w module, showcasing our latest technological breakthrough.
